

ROLL OF HONOUR

Christchurch Willesborough

There is a large oak roll of honour plaque on the wall inside the church. The Great War men's plaque is affixed to the wall near to the side entrance whereas the small Second World War plaque has been relegated to an inconspicuous area behind the church organ. The plaque with the past vicars names is affixed where everyone can see it! The WW2 plaque should be displayed alongside the Great War plaque...

SERVED AND DIED
